ARTWORK INSPIRED BY COVID19

IN RESPONSE TO COVID-19, AMPLIFIER IS LAUNCHING AN EMERGENCY CAMPAIGN WITH TOP ART CURATORS AND PUBLIC-HEALTH ADVISORS FROM AROUND THE WORLD.

- Art has power. Art can heal, art can save lives, and art can bring us together even while we are apart. It can be a compass to guide us through this storm. Your challenge is to make a piece of artwork in direct response to the world's current situation. You can use any materials to create this work. Check out the link below for some amazing inspiration.
