

Year 7 Outline of Work Summer Term 2020

Work through the Unit of work on **Map Skills**.

The resources and links can all be found on Google Classroom. The class code for the whole of year 7 Geography is: **2dnqlcx**

Year 8 Outline of Work Summer Term 2020

Work through the Unit of work on **Deserts**.

The booklet (word document) with exercises can be found through the learning link on the school website [[here](#)] or on Google Classroom. The class code for the whole of year 8 Geography is: **bzk6cym**

You can save this to your own computer and fill it in or print out a copy and write in it.

Two DVDs are mentioned but you will not have access to these so:

- Planet Earth (page 7) – look on YouTube for 'desert animal adaptations'.
- Sahara (page 11) – look on YouTube for 'people of the Sahara desert'.

Year 9 Outline of Work Summer Term 2020

Work through the unit of work on **Globalisation and Global Cities**

The booklet (word document) with exercises along with the PowerPoints to accompany the work can be found on Google Classroom, The Google Classroom code for the whole of year 9 is: **tmnyzj3**

You can save the word document to your own computer and fill it in or print out a copy and write in it.

If you have opted for GCSE Geography next year this unit is particularly important but also look through the first unit of the GCSE course on landscape processes (also added on Google Classroom).

GCSE Geography Summer Term 2020

Work through Unit 3 on **Tectonic Hazards**

The booklet (word document) and a revision PowerPoint (with questions) to accompany it can be found on Google Classroom and through the learning link on the school website [[here](#)].

- Start to plan and work through your **Welsh Baccalaureate individual project** on the topic of Tectonic Hazards

The resources needed along with a sample project are found on Google Classroom. Save your individual project and bring it into school on a memory stick when we return.

GCSE Geology Summer Term 2020

Work through Unit 2 **Plate Tectonics**

The booklet (word document with questions) and all PowerPoints to accompany it can be found on Google Classroom.

- Complete the Plate Tectonics assessment

This has been added as a word document on Google Classroom.

- Begin to work through Unit 3 **Planetary Geology**

The booklet (word document with questions) and all PowerPoints to accompany it can also be found on Google Classroom.

Through the learning tab on the school website [[here](#)] you will also find some past papers to look through.
