

## **A Typical Day at Whitmore High – By Fletcher Richardson 7KWS**

My day starts at 7am when my alarm goes off (I hate getting out of bed!)

**Tip 1:** Make sure your bag and uniform are ready the night before.

I get up at 7am and head straight downstairs for breakfast.

I then go back up, wash and dress and head out the door at 7:50 to walk to the bus stop.

The bus leaves at 8:00 and we arrive in school at 8:20. I meet my friends in the lower atrium. We might play football or just have a chat.

The bell goes at 8:40 for form time, this is when you see your form teacher (I have Miss Sutton). One day a week you have assembly which is usually Thursday in the hall.

After registration you head to your first lesson (8:55 to 9:55).

**Tip 2:** If you don't know where your first class is, check your planner during form time!

And once you have finished the first lesson head straight to your next lesson (9:55 to 10:55). Again, your planner will tell you where your next lesson is.

**Tip 3:** If you aren't sure, don't panic, just ask your teacher where to go!

After lesson 2 you go to break and have a breather and a chill out with your friends. In the first break I spend my time outside, this also gives you the chance to have a snack or go to the canteen for something to eat. You have a fob to pay on (your parents can load your fob with money online or you can do it yourself with the machines in the canteen).

Lesson 3 starts at 11:20 and ends at 12:20 followed by lesson 4 (12:20 to 1:20).

We have lunch at 1:20, some people bring a packed lunch, most people like lunch in the canteen on Friday as you can go and get chips!

Last lesson of the day is 1:55 to 2:55 – I don't know why but this lesson always seems to last the longest because everyone is waiting for the final bell to ring!

**Tip 4:** I'm not going to say don't be nervous as everyone is on their first day. But remember as new year 7 you are all feeling the same just as we were last September. You will be fine – all the teachers are nice!
