

Year 13 Results Day 2020

Dear Student,

Given the present concerns with Covid 19 and the guidance with social distancing, schools will need to reconsider how A-Level results are received this summer. To mitigate against large gatherings of students and parents at school, Barry Sixth Form will email A-Level grades to each student.

The email will be sent between 8 and 9 am on **Thursday 13th August**. Results will be sent to each your individual school Hwb account, which you have been using to access Google classroom.

You will also require the password for your email address. If you have forgotten or misplaced your Hwb account details, please email Mr Bourton on BourtonR@hwmail.net your name and registration group **as soon as possible**.

In addition to emailing, we will also be posting your results via traditional methods. However, it is unlikely that they will get to you on the Thursday in question.

Year 12 grades will also be sent in the post but again we cannot guarantee that they will arrive on the Thursday.

The majority of you will know before results day if you have been successful with your UCAS application. For those of you who need more assistance on results day with University acceptance; Mr Bourton, Mrs Paulakis and Mr Jones will be available on results day. If, for that reason, you need to come to school on the 13th of August for help, simply email Barry6thform@valelearning.com beforehand and we will schedule a meeting time for you.

Yours sincerely,

Mr S Jones
