Barry Islands PS  
Gladstone PS  
Romilly  
All Saints PS  
Colcot PS  
Whitmore High

### Project

The Vale of Glamorgan Council has released its Climate Change Plan titled, Project Zero. Year 6 teachers to work in collaboration with a lead expert (Coastal Management Manager – Gwyn Nelson) and Whitmore High, to develop a sequence of 'New Curriculum' lessons for Year 6 pupils. The output of the project to be exhibited and celebrated by the children at Whitmore High. Support from A Level pupils.

Element of Project Zero:

Our challenges are to:	Steps to include:
Work with partners to reduce the risk of <b>flooding</b> , manage our <b>coastline</b> and encourage everyone to take a more responsible approach to water <b>use</b> .	<ul style="list-style-type: none"><li>• Implementing a Flood Risk Management Plan and a Shoreline Management Plan.</li><li>• Ensure Sustainable Urban Drainage measures are delivered.</li><li>• Promote water efficiency measures in our work and buildings.</li><li>• Encourage the re-use of rainwater where possible.</li></ul>

Schedule:

- Initial planning meeting with Year 6/7 teachers and Gwyn Nelson – Thursday 10<sup>th</sup> February 1pm-3:30pm (**Whitmore High**).
- Further Meetings arranged to plan lessons according to New Curriculum/4 Purposes – dates to be arranged following initial meeting.

- Develop a two-week emersion week of lessons for Year 6 pupils (Taught in their own school). Gwyn Nelson to support and provide expert/advice and involvement. Output of learning to be captured ready for exhibit at Whitmore High.
- Year 6 teachers to gather pupils' work in preparation to celebrate.
- Year 7 teacher – Co-ordinate celebration event.
- Invites to celebration/sharing event.
