

After School Activities

Autumn Term

Please find below the timetable for after-school clubs for this term. Some activities will only be offered at certain times of the year, others throughout the year. This is due to external providers' availability and availability of facilities. School teams will run alongside this programme. Match days for teams will vary depending on the availability of opposition, however, we will try to have set nights as much as possible.

Activities will run from 2.45pm until 4.00pm

Monday
